

EAST BRUNSWICK

RECREATION & PARKS

Household Information Form

The online registration system provides our participants with an additional method of registering for most Recreation programs. Those with internet access can register for a class, view household history, and pay a balance, 24 hours a day.

In order to use this system, **first time registrants must submit this completed form to the Department of Recreation and Parks, along with proof of residency and proof of age for any children.** You can email your form to recreation@eastbrunswick.org, mail it in or drop it off in person to 334 Dunhams Corner Road. Once we have received your completed form and proof, we will send you an email confirming receipt and provide you with a username and password so that you may access our online registration system.

If all information on the form is not completed your household will not be added.

Explanation of Terms

Basic Generation Service (BGS) - Generation charges for any consumer who has not chosen an electric generation supplier.

Customer Charge - Monthly charge that offsets costs for billing, meter reading, equipment, and service line maintenance.

Delivery Service Charges - Charges for the use of local wires, transformers, substations, metering, billing, other equipment, and other activities used to deliver electricity to consumers from high-voltage power lines.

Estimated Reading - On the months we do not read a meter, we calculate the bill based on past electrical usage.

Generation Charge - Charge for the production of electricity.

KWH (Kilowatt Hour) - A unit of measure for electricity usage equal to 1,000 watts used for one hour.

Late Payment Charge - A charge added to the bill on balances owed after the Due Date.

Multiplier - A number used in the calculation of kilowatt hours. The difference between meter readings is multiplied by this number to determine kilowatt hour usage or KW/KVA.

Non-Utility Generation Charge - Charge (previously called the Market Transition Charge) that primarily recovers costs of BPU-approved power supply contracts. This charge includes the Transition Bond Charge, which JCP&L is collecting as servicer on behalf of JCP&L Transition Funding II LLC, which owns the Transition Bond Charge.

Payment Plan (Budget) - The Equal Payment Plan distributes costs more evenly over the year by billing an average amount each month.

Price to Compare - Price per kilowatt hour to be used when comparing to the price of a generation supplier.

Prorated Bill - If this is on your bill, the current billing period is for less than 26 days or more than 35 days or a rate change occurred during the current billing period.

Service Charge - Charge for opening an account.

Societal Benefits Charge (SBC) - Charge to recover costs of low-income assistance and weatherization, energy conservation programs, nuclear decommissioning, manufactured gas plant remediation, and consumer education on competition.
